5. DEĞERLENDİRME / EVALUATION

5.1. PROGRAM ÇIKTILARI ÖLÇÜM SONUÇLARININ DEĞERLENDİRİLMESİ / EVALUATION OF PROGRAM OUTCOMES MEASUREMENT RESULTS

In the 2025-2026 Academic Year, all courses met the determined competency levels for program outcomes in the Fall semester. In the Spring semester analysis, the courses identified as "insufficient" are ENG 101 and TURK 101, both falling below the competency level for program outcome j (writing and communication skills).

In TURK 101, only one department student was enrolled this term, and this student did not complete the final evaluation, either withdrawing from the course or receiving a grade of F. The resulting 0% score therefore does not reflect the overall performance of the course or its cohort and is not considered statistically representative given the sample size.

In ENG 101, three students from the department were enrolled. One of these students withdrew from the course or received a grade of F, while the remaining two students scored below the expected threshold grade. Although the sample size here is similarly limited, this result reflects the students' current performance. Whether this finding represents a one-time characteristic of this year's cohort or an ongoing trend will be monitored over the coming year, with particular attention paid to student support in writing and communication skills.

No other course fell below the competency level this year, including MSC 171, MSC 274, and GE 251, all of which had previously been categorized as "insufficient" in earlier years' reports.

5.2. EĞİTİM AMAÇLARININ DEĞERLENDİRİLMESİ / EVALUATION OF EDUCATIONAL OBJECTIVES

One of the most significant developments of the 2025-2026 Academic Year was the continued strength of our concert and event programming. The 10th edition of Bilkent Music Days spanned the entire academic year, featuring 15 concerts by our faculty, students, alumni, and invited guest artists. The 18th Türkiye Gitar Buluşması (Turkey Guitar Meeting) was also held this year, and Bilkent Theatre Days reached its 11th edition, bringing acting students from across Turkey and abroad together on our campus for a week of performances, workshops, and conferences. Originally launched in 1993-1996 as an international university theatre festival, revived in 2012 to bring together acting departments from across Turkey, and expanded since 2014 into an annual international festival, this year's edition welcomed guest productions from China, Colombia, Iran, South Korea, North Macedonia, Bulgaria, Israel, Georgia, Northern Cyprus, and the United States.

Our department was highly active in masterclasses and residencies this year. Valeriy Sokolov (violin), Alison Trainer (voice), Anne Gastinel (cello), Miguel da Silva (viola), and Victor Julien-Laferrrière (cello) gave masterclasses for our students. Olivier Gardon (piano), Madeleine Mitchell (violin), and Marco Misciagna (violin and viola) held instrumental

residencies. In composition, Pierre Jodlowski led a multimedia improvisation workshop, and during their residency, Marco Blaauw and Christine Chapman of Ensemble Musikfabrik performed works by our student composers

In electroacoustic music, our department hosted the first edition of BEAMS – Bilkent Electroacoustic Summit in June 2026, featuring five concerts, panels, and workshops focused electroacoustic music, immersive sound, live electronics, spatial listening, and contemporary compositional practice.

In career preparation, the mandatory, non-credit second-year career course was offered for the first time this year and was completed successfully by 10 students.

With the hiring of a new Assistant Professor of Voice, our department is developing an opera program in collaboration with the Bilkent Youth Symphony Orchestra. Auditions will take place in September, with the program launching within this academic year.
