- f. Able to interpret and follow legal regulations, ethical and professional standards in the field and in general.

- g.** Able to analyse, plan, implement, supervise and improve a quality service in the field and in general.
- h.** Has the knowledge, awareness and ability to implement sustainability measures in the field and in general.
- i.** Take advantage of the campus life where students are engaged in diversity, creativity and commitment outside coursework through artistic, cultural, sportive and intellectual activities

- ***İktisadi, İdari ve Sosyal Bilimler Fakültesi / Psikoloji Program Çıktıları***

https://qme.bilkent.edu.tr/program.php?stand_alone=&bolum_kod=PSYC&program_kod=PSYC_BA_2013&track_kod=

- a.** Demonstrate functional knowledge across distinct subfields of psychological research.
- b.** Discuss key theoretical ideas and empirical findings in a variety of areas of psychology.
- c.** Develop analytical thinking skills for interpreting observed psychological phenomena.
- d.** Identify alternative explanations and decide between these alternatives based on empirical evidence.
- e.** Review the literature and develop testable hypothesis.
- f.** Design experiments to test hypothesis, collect data using a variety of methods, and analyze data using statistical methods and software.
- g.** Develop effective writing skills for the communication of scientific ideas and findings to various audiences.
- h.** Effectively participate in research teams.
- i.** Demonstrate an understanding of professional and ethical responsibility.
- j.** Understand the impact of psychological theory and research on real world problems real world challenges and use scientific tools to develop creative solutions.
- k.** Appreciate the need for extra-curricular activities in order to engage in life-long learning
- l.** Take advantage of the campus life where students are engaged in diversity, creativity and commitment outside coursework through artistic, cultural, sportive and intellectual activities.

- ***Müzik ve Sahne Sanatları Fakültesi / Müzik Program Çıktıları***

https://qme.bilkent.edu.tr/program.php?stand_alone=&bolum_kod=MUS&program_kod=MUS_BM&track_kod=

- a.** Students will be able to apply knowledge of the history, materials and techniques of classical music traditions.

- b.** Students will be able to identify, formulate, and solve musical and performance related problems
- c.** Students will be able to demonstrate an understanding of professional and ethical responsibility with an acknowledgement of the ethical, social and financial structure of his/her field.
- d.** Students will be able to communicate effectively with collaborators and function on multidisciplinary teams in order to participate relevantly with social engagements
- e.** Students will recognize the need for an ability to engage in life-long learning in order to be able to update the knowledge of evaluation criteria.
- f.** Students will be able to use the techniques, skills and musical knowledge at professional level to compose or perform musical works that is technically adept, musically sophisticated and displaying idiomatic awareness and creativity
- g.** Students will develop critical and analytical thinking and skills of research and writing about the history, traditions, practices, and cultures of music and arts.
- h.** Students will develop working knowledge of the structure of music, demonstrated through written, applied, and aural mediums, based on fundamental theoretical principles.
- i.** Students will be able to compose or perform with stylistic insight, technical proficiency and musical artistry.
- j.** Develop writing and communication skills necessary to effectively organize ideas and thoughts, and to convey them to various audiences
- k.** Introduce modern methods of scientific thought and equip students with tools to develop creative solutions for global challenges.
- l.** Take advantage of the campus life where students are engaged in diversity, creativity and commitment outside coursework through artistic, cultural, sportive and intellectual activities

- *Mühendislik Fakültesi / Elektrik ve Elektronik Mühendisliği Program Çıktıları*

https://qme.bilkent.edu.tr/program.php?stand_alone=&bolum_kod=EE&program_kod=EE_B S&track_kod=

- a.** An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- b.** An ability to identify engineering design to produce solutions that meet specified needs with consideration of public health, safety and welfare, as well as global, cultural, social, environmental, and economic factors.
- c.** An ability to communicate effectively with a range of audiences.
- d.** An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- e.** An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.

- f.** An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgement to draw conclusions.
- g.** An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.
- h.** Take advantage of the campus life where students are engaged in diversity, creativity and commitment outside coursework through artistic, cultural, sportive and intellectual activities.
