Art Installations Evoke Loyalty to Bilkent and Hacettepe Universities

"Vefa," the ceramic work by artist Assoc. Prof. Hüseyin Özçelik, faculty member of the Ceramics Department of the Faculty of Fine Arts of Hacettepe University, has been installed at the entrance of the rectorate building. Dr. Özçelik tells the story of his work: "At the opening ceremony of the Doğramacı Building, the structure built by the Doğramacı family as a gift to the Beytepe campus of Hacettepe University, Prof. M. Cahit Güran, Rector of Hacettepe University, turned to me and said, 'Hüseyin Hoca, let's make two wall ceramics as examples of loyalty for service to our university. Let them be similar. Let's install one of them in this building and the other in Bilkent University, in a place chosen by the Doğramacı family. The way they have supported our university will never be

Dream, Define, Design Resilient Futures

The Department of Architecture participated in and hosted one section of the four-day event, "Dream, Define, Design Resilient Futures." The event, organized by AnkaraAks in cooperation with the EU Information Centers, took place in Ankara on October 9-12. The event aimed to raise awareness about the resilient environment, supporting life-cycle thinking and sustainable approaches, and brought together students from 19 cities in Turkey. ARCH alumni and students participated in this event by creating

new materials out of plastic waste in the ARCH studios and FabLab. A seminar and exhibition were held to demonstrate the capacities of the newly formed material at the FADA Exhibition Hall, with the participation of Rector Kürşat Aydoğan.

Tutoring Sessions for Students

Bilkent Teaching and Learning Support Center (BTLSC) and the Academic Student Coordination Unit (ACSU) are organizing tutoring sessions for the following courses: CS 101, CS 115, CS 125, ECON 101, ECON 102, MATH 101, MATH 102, MATH 105, MATH 106, PHYS 101 and PHYS 102.

Tutoring sessions started on October 9. Schedules may be updated based on interest, so please check BTLSC's website (link provided below) for changes.

Tutors work with groups of students to help them master the skills needed to succeed by coaching rather than providing answers. Tutors will discuss and break down course concepts and problem sets and prepare students for upcoming exams.

Tutors for specific courses are only available during the scheduled time slots. Please review the schedule to find an appropriate time. Tutors are available to work with students according to schedules.
