Dear **Graduate** School Directors and Secretaries,

As mentioned during the meeting on Thursday last week, we will have a tutorial on the **QME** procedures to the **course coordinators of the graduate level mandatory courses and graduate program committee members**. This tutorial will be held on **June 30 at 14:00 at FFB-22** (Faculty of Arts, Design, and Architecture). **Graduate** School Secretaries are also invited to this tutorial.

As a follow-up to our meeting last week, we would like to point out the immediate steps to be taken in our process through **QME for graduate programs**. We kindly ask all program directors to check/revise:

- **graduate** program outcomes
- the relation of national degree qualifications and program outcomes
- mandatory **graduate** level course learning outcomes and their relations with program outcomes and assessment methods

In addition to these, the thesis/dissertation courses should measure all program outcomes. At this time, **graduate** schools should determine the assessment components along with their percentages **for** these courses.

It would be really beneficial to initiate this process prior to the **QME** tutorial next week, especially the third bullet point.

Best regards,
Emre Uzun

Emre Uzun, Ph.D.
